

Automatic Double Stations Sublimation Heat Transfer Machine

功能选择/Option:

B-1 气压型/B-1:Pneumatic Item

B-2:液压型/B-2:Hydraulic Item

Item No. : CY-001B

Voltage: 220V / 380V

Power: 10kw / 12kw / 15kw / 18kw

Size: 80*100cm / 100*120cm / 100*150cm / 110*160cm / 130*180cm

Packing: 168*160*167cm / 175*174*163cm / 207*151*173cm

G.Weight: 850kgs / 1080kgs / 1200kgs

Feature for the controller CY-001B two working table designed at one side of this machine. New smart design control table, adapt to improved CPU control chip, automatic and Manual mode exchange, preset heating, Quantitative counting, password lock, safety instruction, control temperature and recovery systems fuctions, easy operation and maintenance.
